But...is the Water Crisis still
relevant in 2025?

Clean Water Scarcity Solved

Thesis: The water crisis is an issue that has been largely solved globally in recent years.

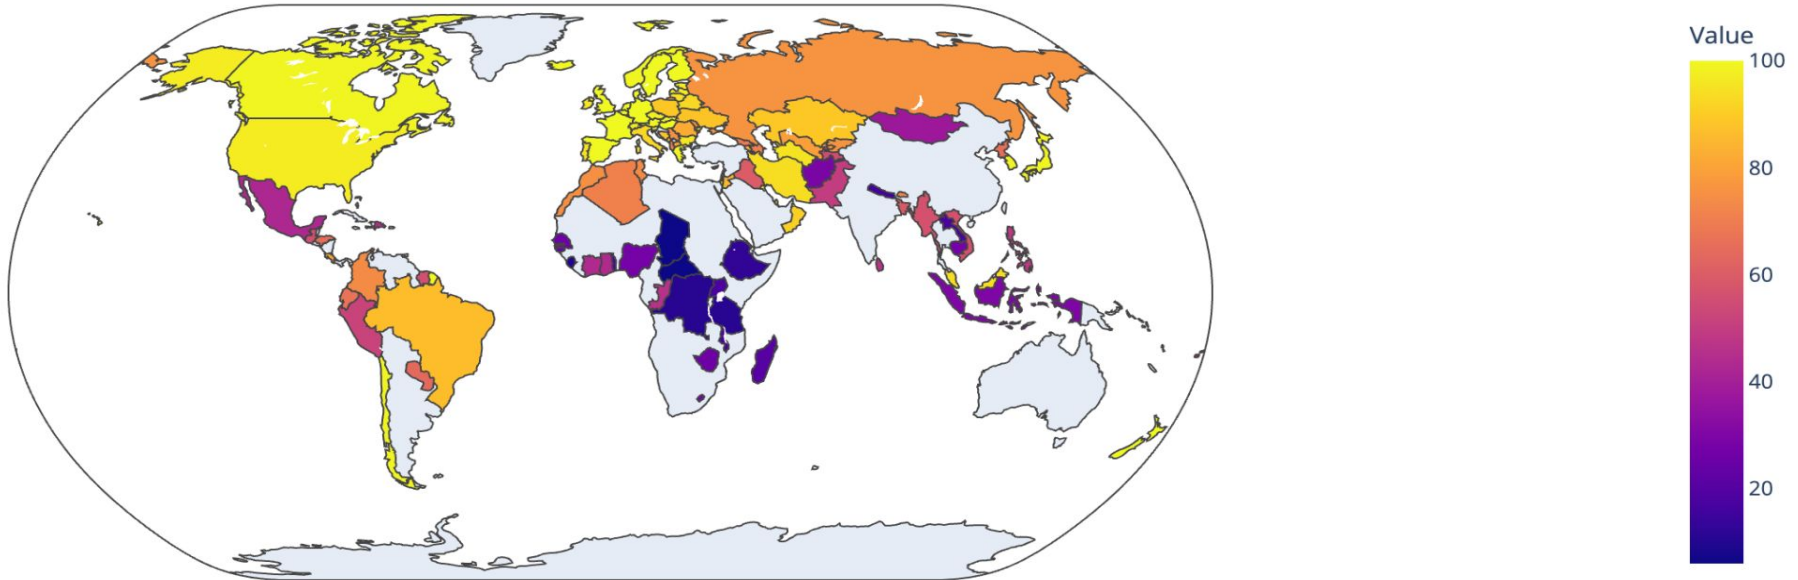

What Does This Mean?

- STOP donating to clean water scarcity efforts
- Spend efforts on global issues that are not yet solved

Thank You

Correction

- The Water Crisis has NOT been solved
 - 2.2 billion people (1/4) do not have access to clean water

What Can We Do?

- Stay educated on the Water Crisis
- Donate and volunteer at organizations that combat this
 - The Water Project
 - Water.org
 - Etc

Thank You
